

**Rockingham County Schools & Rockingham Community College
Health Science Pathway to Prosperity Plan**

Career	Freshman	Sophomore	Junior	Senior	Year 5	Year 6
Nurse	Math I English I World History Earth Science PE Elective Elective Health Team Relations	Math II English II Biology Civics Foreign Language Elective \n Elective Health Science I	Math III English III Foreign Language II Elective American History (RCC) General Psychology (RCC) RCS Anatomy/Physiology Health Science II	Math IV English IV Chemistry Humanities Elective (RCC) Chemistry 151 (RCC) Pharmacy Tech???? Nursing Fundamentals Nursing Fundamentals	(Fall) Anatomy/Physiology I Practical Nursing I Expository Writing???? (Spring) Anatomy/Physiology II Practical Nursing II (Summer) Practical Nursing III	(Fall) Intro to Health Concepts Pharmacology Developmental Psychology (Spring) Health-Illness Concepts Family-Health Concepts Nutrition/Diet Therapy (Summer) Holistic Health Concepts
			CPR Credential	Pharmacy Tech Cert. CNA Credential TEAS Test First Steps High School Diploma	Practical Nurse Diploma	
	Year 7					
	(Fall) Health Care Concepts Health Systems Concepts Professional Research & Reporting (Spring) Complex Health Concepts Associate's Degree (RN)					

Blue type designates RCC classes

Black type designates RCS classes

Red Type designates RCS Health Science Classes

A few Questions concerning the plan:

(Allyson) Do you think Pharmacy Tech would be useful for aspiring nursing students. I saw where pharmacology was required for the Associate Degree in nursing. How much do you think the Pharmacy Tech class that you are currently teaching might help prepare students for the RCC Pharmacology class?

(All) What do you think about including the courses necessary for the Practical Nurse Diploma as a pathway in route to the associate degree in nursing? The only courses prescribed in the first year of the Associate program are the two Anatomy/Physiology classes.

(Derrick, Chandra and Phyllis) Are ENG 111 (Writing & Inquiry) and ENG 111 (Expository Writing) the same class? They are listed differently in the catalog under the Nursing Diploma and the Nursing Associate Degree.

(Derrick, Chandra and Phyllis) Are there any alternative ways at looking at the course progression? Are there any classes listed within Year 7 (3rd year of the RCC program) that could be moved back to year 6?
